

Smart Tech, Real Impact

Key Attributes:

- Type: Digital thermometer, Thermo-Hygrometer
- Customized Support: OEM, ODM
- Brand Name: Enzay Pro Sia Latvia
- Model Number: HQ-HTC-2
- Material: Plastic
- Features: Large screen; indoor & outdoor temperature detection
- Display: Time, Calendar, Temperature and Humidity Display
- Product Dimensions: 96x103x20mm
- Indoor Temperature range: +14°F~+122°F(-10°C~+50°C)
- Outdoor Temperature Range: -58°F~+158°F(-50°C~+70°C)
- Humidity Range: 20%~99%
- Material: ABS
- Color: white
- Power supply: 1x 1.5V AAA

Description:

- Digital Thermometer & Hygrometer are precision-engineered instruments designed to deliver accurate and reliable environmental measurements for industrial, commercial, and personal use. While manufactured in China to ensure competitive pricing and scalable production, each device is engineered in Latvia with European standards of quality, innovation, and durability.
- With advanced sensor technology, user-friendly interfaces, and rugged design, our meters provide real-time data for humidity and temperature, making them ideal for laboratories, warehouses, HVAC systems, Home,.

Specifications:	Range
Humidity range	20 to 99%RH
Temperature range	14 to 122°F (-10 to 60°C)
Basic Temperature Accuracy	+/-1.8F/1°C (14 to 122°F)
Dimensions	(96 x 103 x 20mm)
Weight	0.200 KG
